A. Introduction

The purpose of this report is to document conformance with the requirements of the LegalSource standard by Danzer UK Ltd hereafter referred to as "Organisation". The report presents findings of LegalSource auditors, who have evaluated the Organisation's systems and performance against the applicable requirements. The sections below provide the audit conclusions and follow-up actions required by the Organisation.

Dispute resolution: If stakeholders have concerns or comments about the LegalSource standard or the auditing body, they are encouraged to contact their closest NEPCon regional office. Formal concerns and complaints should be sent in writing.

B. Scope

The LegalSource audit, report and certificate covers the following scope:

Jurisdiction of primary legal entity:	United Kingdom
Primary Activity	Broker/trader with physical storage
Description of Organisation:	<p>Danzer UK Ltd, part of Danzer Group, is a trading company, with no production taking place. Danzer UK sales can be divided between sawn timber and added-value products (manufactured products such as worktops, flooring and mouldings). Most added-value products are single-species products, although the Organisation is beginning to work more with composite products such as engineered flooring and doors.</p> <p>In principle Danzer UK is a multi-site Organisation since storage takes place in separate locations, however no processing takes place, the material is simply stored. Multi-site requirements are therefore handled via the chain of custody system.</p> <p>Danzer UK is located in one office location in Maldon, Essex. Warehoused products are usually stored at an outsourced facility in Liverpool (Denholm Handling Ltd) or Maldon (D.W. Clarks & Sons Ltd). There are two other storage facilities in the UK.</p> <p>Danzer UK acts as a trader (taking legal possession) in 99% of its trading activity. For the other 1% it is acting as an agent (arranging purchases/sales and charging a commission, without taking legal possession). At the present time, Danzer UK imports from all continents except South America. Approximately 25% of its purchases are from within the Danzer group.</p> <p>The vast majority of products sourced from outside of Europe/ United States is purchased as certified (FSC 100%, FSC CW, PEFC) or under a private or public legality assurance verification (SVLK, OLB, MYTLAS, RA VLC).</p>

C. Audit Findings

Audit Conclusion:	
Organisation approved: No non-conformances issued	<input checked="" type="checkbox"/>
Organisation not approved:	<input type="checkbox"/>
Additional comments: N/A	

Non-Conformances

Non-conformance reports (NCRs) describe the non-conformances identified during audits. NCRs include defined timelines for the Organisation to demonstrate conformance. MAJOR non-conformances issued during assessments/reassessments shall be closed prior to issuance of the certificate. MAJOR non-conformances issued during annual audits shall be closed within the timeline specified in the NCR, or result in certificate suspension. Where applicable, all non-conformances against standard requirements are shown below:

N/A – None identified

Observations

Observations (Obs) are issued for the early stages of a problem which does not in and of itself constitute a non-conformance, but which the auditor considers may lead to a future non-conformance if not addressed by the Organisation or where general improvements may be made. Where applicable, all observations are shown below:

None

D. Closed Non-Conformances

Closed Non-Conformances

This section indicates where the Organisation has adequately addressed non-conformances issued during or since the last audit.

Any non-conformances which cannot be closed remain open and appear in Section C (above). Failure to comply with a minor non-conformance results in the NCR being upgraded to major; the specified follow-up action is required by the Organisation or involuntary suspension will take place.
